Baron Cameron

- Existing swale approximately 300 ft upstream of project area on Fairfax County property

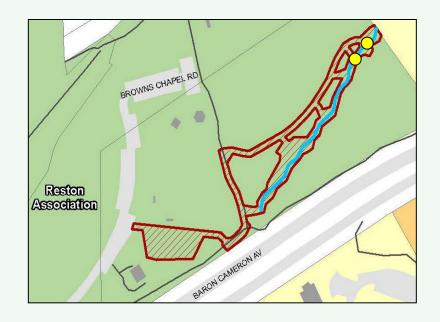

- Exposed tree roots and incised banks immediately upstream of project area
- Upstream extent of project area

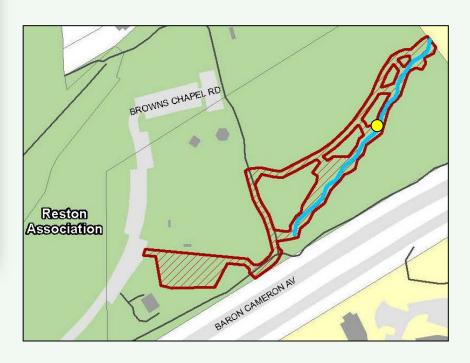

- Existing bridge to be replaced
- Exposed tree roots and incision downstream of existing bridge

- Severe incision and tree damage in project area

- Existing unpaved path will be the Temporary Construction Access Path

Baron Cameron – Design Highlights

- 1. Upstream tie out at Fairfax County Property
- 2. Replace existing bridge
- 3. Access along dirt trail
- 4. Downstream tie out at concrete ditch

- 5. Mulch trail bypass along paved trail
- 6. Site access from small parking area behind Brown's Chapel to limit park disturbance

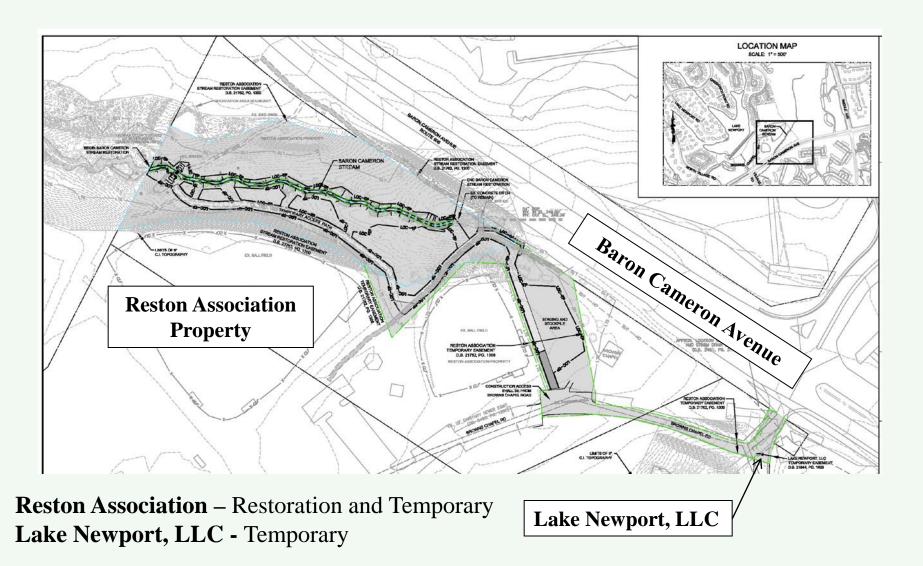

Example of Installed Pedestrian/Vehicular Bridge
